

CHARMING. LAID BACK. HANSEATIC.

THE 5-STAR LOUIS C. JACOB HOTEL is a genuine part of Hamburg. It's located on Elbchaussee which connects Hamburg city with the sophisticated Blankenese neighbourhood. The story goes that it's the world's longest and most charming approach to a hotel. Whatever the case, it leaves visitors in eager anticipation of one of the city's most charming establishments right on the Elbe.

UNDER PERSONAL AND PRIVATE MANAGEMENT. SINCE 1791.

Welcome to the Louis C. Jacob.

The view of  
the Elbe is  
without equal.  
And in our  
beautiful garden.

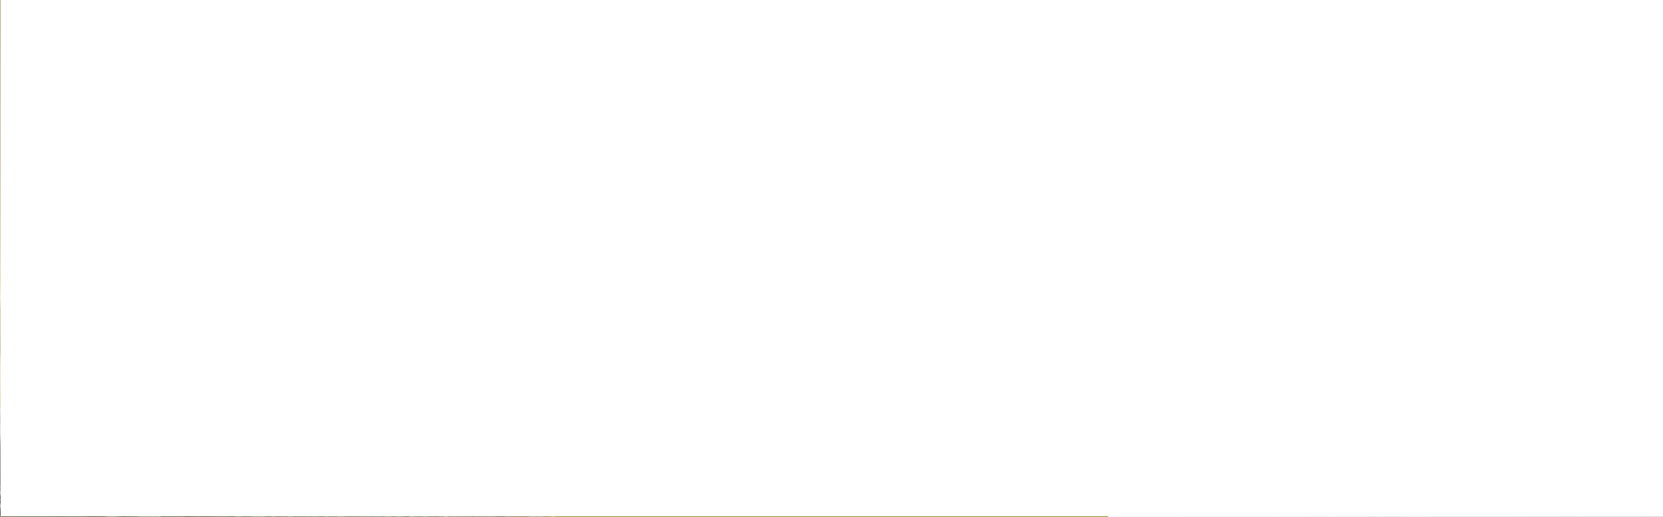

Our garden rooms are also very appealing: tranquil and with a view of our wonderful inner garden. Enjoy the customised touch to our rooms – because each one is truly unique. You can expect historical, two-storey maisonette suites, the spacious ballroom suite, the garden rooms with their own table in and direct access to the garden, rooms with a view of Nienstedten, and so much more.

#### WE'RE DELIGHTED YOU'RE OUR GUEST

Sixty-four luxurious rooms and 21 stylishly furnished suites total 85 places to stay that are one of a kind, some with a phenomenal view of the Elbe – all the way to the offshoots of Hamburg harbour. Lay back and enjoy the view of the wide river with the small sailing boats and vast vessels passing by. In this privately run, hospitable hotel you'll feel at home from the moment you arrive. The personal welcome card plays just as much a part as our attentive staff do. We're delighted you're our guest.

Two-star,  
unpretentious  
cuisine and  
a first-class  
view as well.

**THOMAS MARTIN AND TEAM AT JACOB'S RESTAURANT:**

The style of cuisine adopted by Jacob's Restaurant is deliberately one of simplicity, or less is more, in stark contrast to current trends. High quality wining and dining are coupled with clarity. Thomas Martin's cuisine is about the ingredients' original taste. "My dishes are a case of what you see is what you get, with full focus on the taste. Our vision is to concentrate on the essentials without any unnecessary frills."

**THE IMPRESSED IMPRESSIONIST:** In 1902, Berlin impressionist Max Liebermann moved into Hotel Jacob for two months at the invitation of Alfred Lichtwark, founding director of Hamburg Kunsthalle. The artist had been appointed to paint views of Hamburg.

The most attractive of which is right outside the door to his room – the Lime Tree Terrace. One of the pictures he paints here hangs in our hotel lobby – the painting is a highlight of German impressionism.

**THE FAMOUS LIME TREE TERRACE:** Created back in 1791 by Daniel Louis Jacques, Louis C. Jacob's grandfather, it's still considered one of Hamburg's most beautiful places today.

Just sit back and enjoy. Here we serve breakfast, coffee and cake and a sundowner if you like (weather permitting) – the best our kitchen and cellar have to offer.

And the view of the Elbe is a priceless and consistent feature.

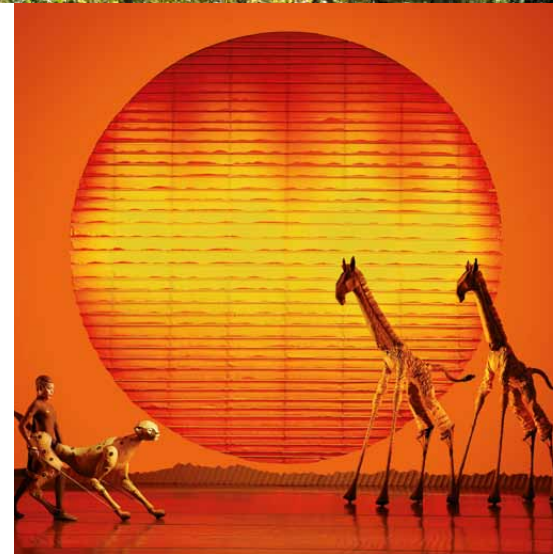

The Liebermann room, virtually untouched and still available to book.

**PROGRAMME OF ARRANGEMENTS:** Jacob's is all about joie de vivre. So we like to create attractive and exceptionally varied packages for our guests

Concerts in the Elbphilharmonie hall and visits to large cruise ships. Queen Mary parties and theatre arrangements. Rock concerts and John Neumeier ballets. From gourmet events or harbour birthdays to Big Bottle, kitchen and New Year's Eve parties. The choice is sensational.

Always an  
experience:  
Jacob's

Hamburg  
parties here.

Why not sail over the Elbe and Este with your guests on our own launch, the MV JACOB. It will make your party a memorable event. Discover Hamburg's most attractive sides from a completely different perspective.

Enjoy the superb cuisine and attentive service our hotel has to offer, which will of course be part of the MV JACOB experience.

**IN ELEGANCE AND STYLE:** Family parties and weddings are longstanding traditions at Jacob. And all function rooms have a view of the Elbe of course.

Unforgettable: when the bridal couple arrives from Nienstedten church and crosses Elbchaussee on the red carpet.

Our events department would be happy to help and work out a tailor-made programme of events for you. Hamburg has plenty of exciting and diverse options. Why not take MV JACOB, our own launch, as a particularly charming form of transport?

## THE JACOB FAMILY

### THE MV JACOB

Our youngest member of the Hamburg family: the MV JACOB. Twenty-two metres long and built from fine mahogany and brass in 1949. It was fully refurbished in 2016 and today takes our hotel guests over the Elbe and Este – to special events like the harbour birthday, but also to and from the Elbphilharmonie concert hall.

Also very charming: rent the launch – the spacious lounge area with up to 45 seats is an original change as a function room and comes with fantastic views of Hamburg.

### KLEINES JACOB WINE BAR

Built at the beginning of the 19th century, it has belonged to the Jacob family since 1993. We can offer rustic tables, warm lighting and the best wines for convivial events.

The menu changes regularly: four German-speaking regions are presented each time in depth and define the wine list and menu for the next three months. The traditional winemaker party starts the season off.

The Kleines Jacob wine bar is also located on Elbchaussee, directly opposite the hotel.

### CARLS AN DER ELBPHILHARMONIE

CARLS an der Elbphilharmonie was opened in summer 2008 and called after Louis Carl Jacob, the grandson of our patriarch Daniel Louis Jacques. The brasserie and bistro offer typical French dishes with a north German touch – and the salon privé is a venue for people seeking more privacy. CARLS before or after a visit to the Elbphilharmonie is especially popular – a pre-show dinner is the perfect prelude to a concert.

Everywhere where Hamburg's at its most attractive: the Jacob family.

COSMOPOLITAN.  
RELAXED.  
ATTRACTIVE.

On the  
river.

**HAMBURG:** the epitome of a thriving, attractive and cosmopolitan city with a harbour. Famous for its numerous museums and rich cultural offering. Water is the city's common feature and anyone strolling through Hamburg is bound to encounter the Elbe, Alster and Este.

Built between 1885 and 1927, Hamburg's Speicherstadt is the world's largest warehouse ensemble and has been a UNESCO World Heritage Site, along with the Kontor neighbourhood and Chilehaus, since 2015.
